SAVE THE DATE -- "The Innovator's Dilemma: Disruptive Change and Academic

Libraries," with David. W. Lewis, Thursday, March 16, 3 p.m., Thompson Library, Room 210: Lewis, Dean of the Indiana University-Purdue University Indianapolis University Library, takes the principles of “sustaining technologies”, which improve the performance of established products, and “disruptive technologies” which initially underperform established products, into the academic library. The change, for example, from a paper library to an automated library is a sustaining change, while that of an automated library to an electronic library is a disruptive change. Both technologies result in change, but have very different characteristics, and bring very different kinds of change.

***SAVE THE DATE** -- Carol Tenopir, "E-Journals and Alternatives for Scholarly Communications," Tuesday, April 4, 10:30 a.m. - Noon, Thompson Library, Room 210:* Professor Tenopir is with the [School of Information Sciences, University of Tennessee, Knoxville](#) and Interim Director of the [Center for Information Studies](#).
